

## ENSURE INCREASED HYGIENE AND SAFETY.

### Accommodating any pump top sanitizer bottle from 250ml to 1L, makes for a great universal fit

Proudly made in UK, this stainless steel dispenser is fully mechanical, with a pedal mechanism that avoids hands making contact with the sanitiser bottle.

It doesn't need any permanent installation but can be fixed to the ground. It's very stable with a large foot plate and is vandal proof. Compatible with any standard sanitiser bottle, allowing it to be used in many applications.

### The traditional hand sanitizer dispenser is one of the most touched products

- Hands free operation is HYGENIC operation
- Ingenious invention
- Exterior & Interior use
- No contact with hands
- Zero Touch
- Zero Contamination
- Universal bottle fit
- 100% mechanical - no batteries
- No installation required
- Durable and robust Stainless Steel
- It is sleek with a contemporary design, and will fit well in any environment.
- It functions as an independent stand and can be bolted to the ground to prevent theft.
- With a simple press down on the foot pedal it will dispense the sanitizer directly onto your hand.
